GTM Operation | AI & Sales Automation Specialist

Hands-on RevOps and Growth professional with over 8 years of experience building commercial engines that convert. Automation Expert in **HubSpot**, **Clay**, and **n8n**, specializing in launching signal-based GTM strategies. Proven track record of turning manual processes into high-converting, AI-driven sales pipelines focused on core KPIs: demos scheduled, sales-qualified leads, revenue closed

SKILLS

- **Hard Skills:** AI Automation, API, Clay Certification, Data analytics, GTM Strategy, HubSpot Architect certification, MEDDPIC framework, Quota Achievement, Salesforce, Sales Pipeline Development and Revenue Optimization, SPICED framework
- **Languages:** English (C2), German (B2), Hebrew (C2)

WORK EXPERIENCE

GTM Operation and Account Executive Consultant • Berlin, Germany • Full-time Nov 2024 - Present
CloserStill Group / OEB Global Conference

The OEB global conference unites senior learning C-level decision-makers, experts and Enterprise/corporate technology SaaS education companies.

- **Proven GTM Systems Builder:** Developing complete AI lead-gen sales strategies and workflows into Hubspot CRM measuring effectiveness with platforms such as **Apollo.io**, **Clay**, **Sendgrid**, **n8n/Zapier**, **HeyReach** and **Twain.ai**.
- **Sales Playbook Automation:** Lifted MQL rate by 42% by engineering trigger based outbound workflows that acted on real time signals instead of static contact lists.
- **Full-cycle sales:** managing the full B2B sales cycle for startups, small-business and corporate companies in the learning sector, securing contracts through outbound activity resulting in **390k\$ revenue**.
- **Integration & Data Fluent :** Engineered API level integrations across 6+ GTM tools, automating data flow from signal to CRM and cutting manual handling by 60%.

Self employed GTM Specialist • Berlin, Germany • Freelancer Aug 2023 - Present
Pragma-GTM

- **Tech Stack Analysis :** Ran full tech stack audits for clients (stack mapping, data point analysis, PFL) and delivered a prioritized 15+ fix list with a standalone build plan — designed so clients could execute with or without ongoing engagement
- **AI-Native Builder:** Built a production LLM workflow (Claude API) that auto-generates signal-based outreach copy at scale, replacing manual research with reliable, repeatable output.
- **Business Development:** Established a robust network of 20+ key clients, consulting various industries on how to create GTM strategies.

Sales Account Executive • Berlin, Germany • Full-time Nov 2021 - Aug 2024
CoachHub

Global talent development SaaS solution in digital coaching with Top 500 Fortune companies (\$7.2 billion and above)

- **Technical consultative selling:** Translated complex client needs into technical solutions across multi-stakeholder cycles. 17% YoY opportunity growth, €921k quota at 100% attainment
- **Collaboration:** Coordinated cross-functionally with customer success, marketing, and product teams to secure **€1.1 million in Upselling** through strategic client alignment and feedback according to business needs.
- **GTM Planning:** Rebuilt territory coverage from 500 unscored accounts to 15 Tier-1 targets, lifting revenue-per-rep 2.4x through CRM-driven scoring and automated pipeline prioritization
